

	SportPro LED 400-120
Beam Angle	120 degree
Luminaire output	48000Lm
LED Light Source	High Quality 130 lumens per watt LED array
Total Wattage	400w
Dimensions	670x370x180mm
Net weight	18kg
Colour Temperature	5700K
Colour Rendering	>Ra80
Housing material	Aluminium (Zinc Paint Coated)
IP Rating	65
Working Temperature	-40C - + 60C
Supply Voltage	80V ~ 315Vac,
Power Factor	>98
Protection	Built in surge / thermal protection
Warranty	5 Years
Operational Life	Approximately 50,000hrs

Instant start, flicker free operation.
 Maintenance free.
 Stainless steel bracket and fixings.
 Mirrored reflector for long range projection.
 Dimmable driver available.
 Glare / light spillage guard available.

Optics available 15,20,60,120 degree.

Quality zinc coated aluminium housing designed to withstand the harsh UK weather.
